

Data Analysis and Technical Report Writing Services

Prevalere Life Sciences, Inc. offers the following data analysis and technical writing services to the pharmaceutical and biotechnology industries:

Compartmental and non-compartmental pharmacokinetic/pharmacodynamic data analysis to support:

- Bioequivalence Studies
- Drug Interaction Trials
- Disease Effects on Pharmacokinetics (renal, hepatic, diabetes, etc.)
- Dose Proportionality/Tolerance Studies
- Allometric Evaluations

Pharmacokinetic/Pharmacodynamic modeling of analytical results

Report/Manuscript Preparation

Prevalere provides timely preparation and compilation of non-clinical and clinical reports including INDs, NDAs, CANDAs, ANDAs and BLAs intended for regulatory submissions. Manuscript preparation services are also available for publication of pharmacology, pharmacokinetic and pharmacodynamic studies in peer reviewed journals or as marketing tools for product information.

We provide:

- SAS® generated reports
- Integration of patient demographics and clinical outcomes with drug exposure assessments
- Quality Assurance review of final reports
- Turnaround in 5-10 days for most reports
- Documents for direct submission to regulatory agencies or scientific journals using in-house or client supplied formats.

For further information and a price quotation, please contact Ms. Jane Curley.
